 No, 210/A, Niwandama, Ja-Ela.

## PROFILE

---

I'm a passionate individual in Engineering, driven by innovation and problem solving. I'm eager to strengthen my technical expertise and adapt to emerging technologies. I am highly motivated by roles that involve designing and improving manufacturing facilities and processes, while ensuring built in quality. With a strong interest in research and development, I aim to apply creative and practical solutions to real-world electronic engineering challenges and contribute to technological advancement and organizational growth.

## EDUCATIONAL QUALIFICATIONS

---

**B.Sc. (Hons.) in Science and Technology (Sp. Mechatronics), Uva Wellassa University of Sri Lanka** 2021 – 2025  
GPA - 3.47 ( Second Class Upper Division )

**G.C.E. Advanced Level** 2019  
Physical Science - (3 C's)

**G.C.E. Ordinary Level** 2016  
(6 A's including Science & Mathematics, English 'C')

## PROFESSIONAL EXPERIENCE

---

**Associate Automation & Electronics Engineer, Idea8 (pvt) Ltd,** March 2026 – Present  
Worked on client-oriented projects involving the development of electronic, automation, and mechatronic solutions from concept design to manufacturing-ready machine implementation. Responsibilities included R&D activities, prototyping, system integration, testing, validation, troubleshooting, and optimization of machine performance. Collaborated with clients to understand technical requirements and deliver solutions aligned with project objectives while maintaining quality standards. Managed project tasks, contributed to product improvement initiatives, and prepared technical documentation to support successful project execution.

**Trainee Electronics Engineer** Jul 2025 – Dec 2025  
*CodeGen International (Pvt) Ltd, Vega Innovations (Power Electronics Department)*  
Gained hands-on experience in Power Electronics, Embedded Systems, Circuit Simulation, including working with STM32, and TI C2000 micro-controllers, LTspice analysis, PWM/ADC configurations, and understanding flyback converters, gate drivers, and control loops. Worked on multidisciplinary projects involving MCUs, Communication protocols (CAN, RS-485), PCB designing, 3D model design with thermal simulation and simulation tools with power electronics system mainly focusing on fly-back converters with troubleshooting, and testing.

## TECHNICAL SKILLS

---

Electronics Simulation Softwares (LTspice, PSIM, MATLAB) | PCB designing | Embedded Systems | SolidWorks | Solid Edge | AutoCAD | System Automation (PLC, Industrial Sensors) | Graphics Designing

## SOFT SKILLS

---

Critical Thinking | Team Work | Proactive and self-motivated | Excellent Communication | Strategic Planning | Adaptability | Willingness to Learn

## PROJECTS

---

### **Soil Sampling Attachment for Autonomous Robot, *Undergraduate Research Project***

Designed and developed an autonomous soil sampling system capable of performing efficient and reliable sampling with minimal human intervention while maintaining sample integrity and operational safety. Integrated an ATmega2560 micro-controller using C++ based embedded programming, stepper motors, servo motors, gear motors, and linear screw actuators to achieve precise motion control. Designed the mechanical structure using SolidWorks and fabricated components through CNC machining, laser cutting, and 3D printing. Developed, tested, and debugged embedded firmware and circuit schematics using Arduino IDE and EasyEDA to ensure system reliability. The project contributes to advancements in autonomous robotic systems for agricultural and environmental monitoring.

### **PLC Sorted Project**

By using PLC (Xinje), a system has been created that can be sorted by height.

**More projects :** <http://chamodranidu.github.io/Portfolio/> 

## OTHER QUALIFICATION

---

- Followed The Certificate Course in English at Cambridge English Academy has achieved Council of Europe Level A1

## EXTRA-CURRICULAR ACTIVITIES

---

- Former Vice Captain of , Volleyball team Uva Wellassa University
- Member of Career Guidance club of Uva Wellassa University

## REFEREES

---

### **Dr.Chinthaka Amarasinghe,**

*Senior Lecturer,*

Uva Wellassa University.

Email: [chinthakaa@uwu.ac.lk](mailto:chinthakaa@uwu.ac.lk) 

Phone : +94 71 510 4687

### **Mr. Gayan Bandara**

*Technical Lead Engineer -Electronics (Power Electronics Department) ,*

Vega Innovation (Pvt) Ltd.

Email : [gayanb@vega.lk](mailto:gayanb@vega.lk) 

Phone : +94 71 686 8625
